

CUBE VAN

The Saskatchewan Dart Association has a cube van for the storage and transportation of portboards, dart boards and other darts equipment.

GENERAL

1. The SDA will pay for insurance and plates as needed.
2. The van will be stored in Saskatoon. The exact physical location will be given to the SDA financial director for insurance purposes.
3. SGI registration and keys will be kept in Saskatoon by an SDA executive member. An extra set of keys will be kept by the SDA financial director.

DRIVERS

1. SDA members interested in driving the van must have a valid driver's license and provide a driver's abstract to the SDA financial director. (This is available through SGI at a cost of \$10.)
2. For those SDA members approved/authorized to drive the van, the SDA will reimburse them for the cost of the driver profile (upon proof of receipt).
3. This list will be maintained by the SDA executive and reviewed on a yearly basis.
4. For rental to others whom SDA deems approved/authorized to drive, a deposit equal to the deductible on the van will be required.
